**July 22, 2010**

**ADDENDUM #4**

**City of Seguin Request for Proposals No. 99-2010-24**  
**Collection and Disposal of Commercial Solid Waste**

This addendum modifies, supplements, and forms a part of the Request for Proposals and contract documents and includes one (1) page and one (1) attachment.

1. Because of the variability of type, sizes and other aspects of compactors, the lease price for a particular compactor is not required in the initial cost proposal. However, the successful proponent shall be required to negotiate lease rates for compactors prior to the submission of the final contract to the City Council for approval. The compactor lease rates and terms will then become part of the overall franchise contract.
2. **Please note that there is one change on Attachment B:**

Change 1: Removal of the section for pricing of compactors.

Willa Hagemann  
Assistant Director of Finance  
City of Seguin
